## SAFETY DATA SHEET

Product Code: FCASNL

PAGE 1 OF 5

### SECTION 1 PRODUCT IDENTIFICATION

<b>Chemical Nature</b>	Synthetic nitrile polymer.
<b>Product Name</b>	Lincon Nitrile Finger Cots
<b>Other Names</b>	This SDS is intended for both powdered and powder free variants of the product.
<b>Product Use</b>	Surgical examination gloves; may also be used in industry to protect hands.

### SECTION 2 HAZARD IDENTIFICATION

#### Statement of Hazardous Nature

This product is classified as: Not classified as hazardous according to the criteria of SWA.  
Not a Dangerous Good according to Australian Dangerous Goods (ADG) Code, IATA and IMDG/IMSBC criteria.

<b>Risk Phrases</b>	Not Hazardous - No criteria found.
<b>Safety Phrases</b>	Not Hazardous - No criteria found.
<b>SUSMP Classification</b>	None allocated.
<b>ADG Classification</b>	None allocated. Not a Dangerous Good under the ADG Code.
<b>UN Number</b>	None allocated
<b>GHS Signal word</b>	NONE. Not hazardous.
<b>Prevention</b>	P102: Keep out of reach of children.
<b>Response</b>	P353: Rinse skin or shower with water. P301+P330+P331: IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. P332+P313: If skin irritation occurs: Get medical advice. P337+P313: If eye irritation persists: Get medical advice. P370+P378: Not combustible. Use extinguishing media suited to burning materials.
<b>Storage</b>	P402+P404: Store in a dry place. Store in a closed container. P403+P235: Store in a well-ventilated place. Keep cool.
<b>Disposal</b>	P501: Dispose of small quantities and empty containers by wrapping with paper and putting in garbage. For larger quantities, if recycling or reclaiming is not possible, use a commercial waste disposal service.
<b>Emergency Overview</b>	
<b>Physical Description &amp; Colour</b>	Gloves; with or without powdered coatings.
<b>Odour</b>	Mild odour.
<b>Major Health Hazards</b>	No significant risk factors have been found for this product.
<b>Potential Health Effects</b>	
<b>Inhalation</b>	
<b>Short Term Exposure</b>	Available data indicates that this product is not harmful. In addition product is unlikely to cause any discomfort or irritation.
<b>Long Term Exposure</b>	No data for health effects associated with long term inhalation.
<b>Skin Contact</b>	
<b>Short Term Exposure</b>	Available data indicates that this product is not harmful. It should present no hazards in normal use. In addition product is unlikely to cause any discomfort in normal use.

Information provided on this document is presented in good faith and believed to be correct based on the best data currently available, Livingstone International makes no representations or warranties, expressed or implied as to the completeness or accuracy of the information. In no event will Livingstone International be liable for any errors or omissions in the information provided herein. Information is supplied upon the condition that any persons or corporate receiving same will make independent determination as to its suitability for their own purposes prior to use, and in no event will Livingstone International be responsible for damages of any nature whatsoever resulting from the use of product or reliance upon information provided. Information is provided on an "as is" basis, no representation or warranties, either expressed or implied of fitness for a particular purpose or of any other nature are made herein with respect to information of the product.

# SAFETY DATA SHEET

Product Code: FCASNL

PAGE 2 OF 5

<b>Long Term Exposure</b>	No data for health effects associated with long term skin exposure.
<b>Eye Contact</b>	
<b>Short Term Exposure</b>	This product is believed to be not irritating to eyes.
<b>Long Term Exposure</b>	No data for health effects associated with long term eye exposure.
<b>Ingestion</b>	Significant oral exposure is considered to be unlikely. This product is unlikely to cause any irritation problems in the short or long term.
<b>Long Term Exposure</b>	
<b>Carcinogen Status</b>	
<b>SWA</b>	No significant ingredient is classified as carcinogenic by SWA.
<b>NTP</b>	No significant ingredient is classified as carcinogenic by NTP.
<b>IARC</b>	No significant ingredient is classified as carcinogenic by IARC.

## SECTION 3 COMPOSITION/INFORMATION ON INGREDIENTS

Ingredients	CAS No.	TWA (mg/m <sup>3</sup> )	STEL (mg/m <sup>3</sup> )
Nitrile rubber	25586-25-8	not set	not set
Other non hazardous ingredients	various*	not set	not set

\* May include zinc oxide, sulfur, titanium dioxide and other minor ingredients.

This is a commercial product whose exact ratio of components may vary slightly. Minor quantities of other non hazardous ingredients are also possible.

The SWA TWA exposure value is the average airborne concentration of a particular substance when calculated over a normal 8 hour working day for a 5 day working week. The STEL (Short Term Exposure Limit) is an exposure value that may be equalled (but should not be exceeded) for no longer than 15 minutes and should not be repeated more than 4 times per day. There should be at least 60 minutes between successive exposures at the STEL. The term "peak" is used when the TWA limit, because of the rapid action of the substance, should never be exceeded, even briefly.

## SECTION 4 FIRST AID MEASURES

<b>General Information</b>	You should call The Poisons Information Centre if you feel that you may have been poisoned, burned or irritated by this product. The number is 13 1126 from anywhere in Australia (0800 764 766 in New Zealand) and is available at all times. Have this SDS with you when you call.
<b>Contact or Poisoning</b>	From the available evidence, this product would appear to offer no significant health hazard by any exposure route. Consequently, First Aid is not generally required. If in doubt, contact a Poisons Information Centre or a doctor.

## SECTION 5 FIRE FIGHTING MEASURES

<b>Fire and Explosion Hazards</b>	There is no risk of an explosion from this product under normal circumstances if it is involved in a fire. Violent steam generation or eruption may occur upon application of direct water stream on hot liquids. Vapours from this product are heavier than air and may accumulate in sumps, pits and other low-lying spaces, forming potentially explosive mixtures. They may also flash back considerable distances. Fire decomposition products from this product may be toxic if inhaled. Take appropriate protective measures.
-----------------------------------	--

Information provided on this document is presented in good faith and believed to be correct based on the best data currently available, Livingstone International makes no representations or warranties, expressed or implied as to the completeness or accuracy of the information. In no event will Livingstone International be liable for any errors or omissions in the information provided herein. Information is supplied upon the condition that any persons or corporate receiving same will make independent determination as to its suitability for their own purposes prior to use, and in no event will Livingstone International be responsible for damages of any nature whatsoever resulting from the use of product or reliance upon information provided. Information is provided on an "as is" basis, no representation or warranties, either expressed or implied of fitness for a particular purpose or of any other nature are made herein with respect to information of the product.

Version Number: 02

## SAFETY DATA SHEET

Product Code: FCASNL

PAGE 3 OF 5

<b>Extinguishing Media</b>	Suitable extinguishing media are carbon dioxide, dry chemical, foam, water fog.
<b>Fire Fighting</b>	If a significant quantity of this product is involved in a fire, call the fire brigade.
<b>Flash point</b>	Combustible solid.
<b>Upper Flammability Limit</b>	No data.
<b>Lower Flammability Limit</b>	No data.
<b>Autoignition temperature</b>	No data.
<b>Flammability Class</b>	Combustible solid.

### SECTION 6 ACCIDENTAL RELEASE MEASURES

<b>Accidental release</b>	This product is sold in small packages, and the accidental release from one of these is not usually a cause for concern. Clean up and put glove and empty container in garbage.
---------------------------	---

### SECTION 7 HANDLING AND STORAGE

<b>Handling</b>	Keep exposure to this product to a minimum, and minimise the quantities kept in work areas. Check Section 8 of this SDS for details of personal protective measures, and make sure that those measures are followed. The measures detailed below under "Storage" should be followed during handling in order to minimise risks to persons using the product in the workplace. Also, avoid contact or contamination of product with incompatible materials listed in Section 10.
<b>Storage:</b>	Make sure that containers of this product are kept tightly closed. Keep containers dry and away from water. Make sure that the product does not come into contact with substances listed under "Incompatibilities" in Section 10. Check packaging - there may be further storage instructions on the label.

### SECTION 8 EXPOSURE CONTROLS/PERSONAL PROTECTION

The following Australian Standards will provide general advice regarding safety clothing and equipment:  
Respiratory equipment: AS/NZS 1715, Protective Gloves: AS 2161, Occupational Protective Clothing: AS/NZS 4501 set 2008, Industrial Eye Protection: AS1336 and AS/NZS 1337, Occupational Protective Footwear: AS/NZS2210.

SWA Exposure Limits	TWA (mg/m <sup>3</sup> )	STEL (mg/m <sup>3</sup> )
Exposure limits have not been established by SWA for any of the significant ingredients in this product. No special equipment is usually needed when occasionally handling small quantities. The following instructions are for bulk handling or where regular exposure in an occupational setting occurs without proper containment systems.		
<b>Ventilation</b>	No special ventilation requirements are normally necessary for this product. However make sure that the work environment remains clean and that dusts are minimised.	
<b>Eye Protection</b>	Eye protection is not normally necessary when this product is being used. However, if in doubt, wear suitable protective glasses or goggles.	
<b>Skin Protection</b>	The information at hand indicates that this product is not harmful and that normally no special skin protection is necessary.	
<b>Protective Material Types</b>	There is no specific recommendation for any particular protective material type.	
<b>Respirator</b>	If there is a significant chance that dusts are likely to build up in the area where this product is being used, we recommend that you use a suitable Dust Mask.	

Information provided on this document is presented in good faith and believed to be correct based on the best data currently available, Livingstone International makes no representations or warranties, expressed or implied as to the completeness or accuracy of the information. In no event will Livingstone International be liable for any errors or omissions in the information provided herein. Information is supplied upon the condition that any persons or corporate receiving same will make independent determination as to its suitability for their own purposes prior to use, and in no event will Livingstone International be responsible for damages of any nature whatsoever resulting from the use of product or reliance upon information provided. Information is provided on an "as is" basis, no representation or warranties, either expressed or implied of fitness for a particular purpose or of any other nature are made herein with respect to information of the product.

## SECTION 9 PHYSICAL/CHEMICAL PROPERTIES

<b>Physical Description &amp; colour</b>	Gloves; with or without powdered coatings.
<b>Odour</b>	Mild odour.
<b>Boiling Point</b>	Not available.
<b>Freezing/Melting Point</b>	No specific data. Solid at normal temperatures.
<b>Volatiles</b>	Nil at 100°C.
<b>Vapour Pressure</b>	Nil at normal ambient temperatures.
<b>Vapour Density</b>	Not applicable.
<b>Specific Gravity</b>	No data.
<b>Water Solubility</b>	Insoluble.
<b>pH</b>	Not applicable.
<b>Volatility</b>	Nil at normal ambient temperatures.
<b>Odour Threshold</b>	No data.
<b>Evaporation Rate</b>	Not applicable.
<b>Coeff Oil/water Distribution</b>	No data
<b>Viscosity</b>	Not applicable.
<b>Autoignition Temperature</b>	No data.

## SECTION 10 STABILITY AND REACTIVITY

<b>Reactivity</b>	This product is unlikely to react or decompose under normal storage conditions. However, if you have any doubts, contact the supplier for advice on shelf life properties.
<b>Conditions to Avoid</b>	Keep containers tightly closed. Containers should be kept dry.
<b>Incompatibilities</b>	No particular Incompatibilities.
<b>Fire Decomposition</b>	Combustion forms carbon dioxide, and if incomplete, carbon monoxide and smoke. Water is also formed. May form nitrogen and its compounds, and under some circumstances, oxides of nitrogen. Occasionally hydrogen cyanide gas in reducing atmospheres. May form oxides of sulfur (sulfur dioxide is a respiratory hazard) and other sulfur compounds. Most will have a foul odour. Small quantities of metal (sodium, titanium, zinc) compounds. Carbon monoxide poisoning produces headache, weakness, nausea, dizziness, confusion, dimness of vision, disturbance of judgment, and unconsciousness followed by coma and death.
<b>Polymerisation</b>	Polymerisation reactions are unlikely; they are not expected to occur.

## SECTION 11 TOXICOLOGICAL INFORMATION

### Local Effects

**Target Organs** There is no data to hand indicating any particular target organs.

**Ingredient** Risk Phrases

No ingredient mentioned in the HSIS Database is present in this product at hazardous concentrations.

Information provided on this document is presented in good faith and believed to be correct based on the best data currently available, Livingstone International makes no representations or warranties, expressed or implied as to the completeness or accuracy of the information. In no event will Livingstone International be liable for any errors or omissions in the information provided herein. Information is supplied upon the condition that any persons or corporate receiving same will make independent determination as to its suitability for their own purposes prior to use, and in no event will Livingstone International be responsible for damages of any nature whatsoever resulting from the use of product or reliance upon information provided. Information is provided on an "as is" basis, no representation or warranties, either expressed or implied of fitness for a particular purpose or of any other nature are made herein with respect to information of the product.

## SECTION 12 ECOLOGICAL INFORMATION

This product is not biodegradable. However, it is biologically inert so will not be harmful to flora or fauna, soil or water and will not cause long term problems. Expected to not be an environmental hazard.

## SECTION 13 DISPOSAL CONSIDERATIONS

**Disposal** Dispose of small quantities and empty containers by wrapping with paper and putting in garbage. For larger quantities, if recycling or reclaiming is not possible, use a commercial waste disposal service.

## SECTION 14 TRANSPORT INFORMATION

**UN Number** This product is not classified as a Dangerous Good by ADG, IATA or IMDG/IMSBC criteria. No special transport conditions are necessary unless required by other regulations.

## SECTION 15 REGULATORY INFORMATION

**AICS** All of the significant ingredients in this formulation are compliant with NICNAS regulations.

## SECTION 16 OTHER INFORMATION

This SDS contains only safety-related information. For other data see product literature.

### Acronyms

<b>ADG Code</b>	Australian Code for the Transport of Dangerous Goods by Road and Rail (7th edition)
<b>AICS</b>	Australian Inventory of Chemical Substances
<b>SWA</b>	Safe Work Australia, formerly ASCC and NOHSC
<b>CAS number</b>	Chemical Abstracts Service Registry Number
<b>Hazchem Code</b>	Emergency action code of numbers and letters that provide information to emergency services especially firefighters
<b>IARC</b>	International Agency for Research on Cancer
<b>NOS</b>	Not otherwise specified
<b>NTP</b>	National Toxicology Program (USA)
<b>R-Phrase</b>	Risk Phrase
<b>SUSMP UN</b>	Standard for the Uniform Scheduling of Medicines & Poisons
<b>Number</b>	United Nations Number

**Reason for Revision** To bring to date

## END OF SDS

Information provided on this document is presented in good faith and believed to be correct based on the best data currently available, Livingstone International makes no representations or warranties, expressed or implied as to the completeness or accuracy of the information. In no event will Livingstone International be liable for any errors or omissions in the information provided herein.
