SAFETY DATA SHEET

Product Code: MAXWIPERLGNL

PAGE 1 OF 8

SECTION 1 PRODUCT IDENTIFICATION

Product name Sofeel Original Microfibre Heavy Duty Super Cleaning Wipes

Relevant identified uses of the substance or mixture and uses advised against on

Application of the substance/mixture: Household cleaner products

SECTION 2 HAZARD IDENTIFICATION

Classification of the substance or mixture

Classification according to regulation (EC) 1272/2008: the product is not classified according to CLP Regulation.

Information concerning particular hazards for human and environment:

The product has not to be labeled due to the calculation procedure of Regulation 1272/2008.

Classification system:

The classification is according to the latest edition of Regulation 1272/2008, and extended by company and literature data.

Registration number: Data not available

Label elements

Labeling according to Regulation (EC) No 1272/2008: Not applicable

Hazard pictograms Not applicable

Signal word Not applicable

Hazard-determining components of the labeling Not applicable

Hazard statements Not applicable

Precautionary statement Not applicable

Other hazard

Results of PBT and vPvB assessment

PBT Not applicable

vPvB Not applicable

Information provided on this document is presented in good faith and believed to be correct based on the best data currently available, Livingstone International makes no representations or warranties, expressed or implied as to the completeness or accuracy of the information. In no event will Livingstone International be liable for any errors or omissions in the information provided herein. Information is supplied upon the condition that any persons or corporate receiving same will make independent determination as to its suitability for their own purposes prior to use, and in no event will Livingstone International be responsible for damages of any nature whatsoever resulting from the use of product or reliance upon information provided. Information is provided on an "as is" basis, no representation or warranties, either expressed or implied of fitness for a particular purpose or of any other nature are made herein with respect to information of the product.

SECTION 3 COMPOSITION/INFORMATION ON INGREDIENTS

Chemical characterization

Mixture

Description

Mixture of the substance listed below with nonhazardous additions.

Components:	
CAS No.: 9051-13-2 EC No.: 618-572-0	Cellulose, hydrogen carbonodithioate, sodium salt
CAS No.: 9003-01-4 EC No.: 618-347-7	Polyacrylic acid
CAS No.: 147-14-8 EC No.: 205-685-1	29H,31H-phthalocyaninato(2-)-N29,N30,N31,N32 copper substance with a Community workplace exposure limit

SECTION 4 FIRST AID MEASURES

Description of first aid measures

General advice

Consult a physician. Show this safety data sheet to the doctor in attendance

After inhalation

Cannot be inhaled normally

After skin contact

Not special required measures

After eye contact

Rinse eyes with water for several minutes.If eyes irritation happens:Get medical advice/attention.

After swallowing

Rinse out mouth with water. Call doctor/physician if you feel unwell.

Most important symptoms and effects, both acute and delayed

There are no known important symptoms of effects.

Indication of any immediate medical attention and special treatment needed

No further relevant information available.

SECTION 5 FIRE FIGHTING MEASURES

Extinguishing media

Suitable extinguishing agents

Dry chemical, alcohol-resistant foam, carbon dioxide and water spray.

Special hazards arising from the substance or mixture

No further relevant information available.

Advice for firefighters

Protective equipment

Mouth respiratory protective device.

Information provided on this document is presented in good faith and believed to be correct based on the best data currently available, Livingstone International makes no representations or warranties, expressed or implied as to the completeness or accuracy of the information. In no event will Livingstone International be liable for any errors or omissions in the information provided herein. Information is supplied upon the condition that any persons or corporate receiving same will make independent determination as to its suitability for their own purposes prior to use, and in no event will Livingstone International be responsible for damages of any nature whatsoever resulting from the use of product or reliance upon information provided. Information is provided on an "as is" basis, no representation or warranties, either expressed or implied of fitness for a particular purpose or of any other nature are made herein with respect to information of the product.

SAFETY DATA SHEET

Product Code: MAXWIPERLGNL

PAGE 3 OF 8

SECTION 6 ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures	Collect spillage timely; Ensure adequate ventilation; Keep away from flame and ignition source.
Suitable extinguishing agents	Dry chemical, alcohol-resistant foam, carbon dioxide and water spray.
Environmental precautions	Do not allow large quantities of the product to enter sewers/surface or ground water; Inform respective authorities in case of seepage into water course or sewage system.
Methods and material for containment and cleaning up	
Pick up mechanically	Dispose contaminated material as waste according to item 13.
Reference to other sections	See section 7 for containment for information on safe handling; See section 8 for information on personal protection equipment; See section 13 for disposal information.

SECTION 7 HANDLING AND STORAGE

Precautions for safe handling:	Ensure good ventilation/exhaustion at the workplace; Avoid breathing dust/aerosol; Avoid contact with eyes; Keep away from flame.
Information about fire and explosion protection	Normal measures for preventive fire protection.
Conditions for safe storage, including any non-compatibility	
Requirements to be met by storerooms and receptacles	Store in cool, dry and well-ventilation location
Information about storage in one common storage facility	Keep away from flame and flammable substance.
Further information about storage condition	Do not exposure under the sun for long time.
Specific end use(s)	No further relevant information available.

SECTION 8 EXPOSURE CONTROLS/PERSONAL PROTECTION

Control parameters:

Ingredients with limit values that require monitoring at the workplace:

Country	Limit value-Eight hours	Limit value-Short term
147-14-8 29H,31H-phthalocyaninato(2-)-N29,N30,N31,N32 copper(0.6%)		
Latvia	5 mg/m ³	-

Information provided on this document is presented in good faith and believed to be correct based on the best data currently available, Livingstone International makes no representations or warranties, expressed or implied as to the completeness or accuracy of the information. In no event will Livingstone International be liable for any errors or omissions in the information provided herein. Information is supplied upon the condition that any persons or corporate receiving same will make independent determination as to its suitability for their own purposes prior to use, and in no event will Livingstone International be responsible for damages of any nature whatsoever resulting from the use of product or reliance upon information provided. Information is provided on an "as is" basis, no representation or warranties, either expressed or implied of fitness for a particular purpose or of any other nature are made herein with respect to information of the product.

DNELs Data not available
PNECs Data not available
Additional information The lists valid during the marking were used as basis

Exposure controls

Based on the composition show in section 3, the following measures are suggested for occupational safety measure.

Appropriate engineering controls Handle in accordance with good industrial hygiene and safety practice.
Wash hands before breaks and at the end of work.
See section 7 for information shown in section 3, the following measure are suggested for occupational safety measure.

Personal protective equipment

Respiration protection Suitable respiratory protective device recommended.
Protection of hands Not special required protective equipment.
Eye protection Not special required protective equipment.
Environmental exposure controls Control measures must be made in accordance with Community environmental protection legislation.

SECTION 9 PHYSICAL/CHEMICAL PROPERTIES

Information on basic physical and chemical properties:

Appearance:

Form Solid, fabric
Colour Gray
Order Odourless
Odour threshold Data not available
pH-value Data not available

Change in condition

Melting point/melting range Data not available
Boiling point and boiling range Data not available
Freezing point Data not available
Flash point Data not available
Flammability (solid, gas) Not flammable solid.
Decomposition temperature Data not available
Self-ignition Product is not self-ignition

Information provided on this document is presented in good faith and believed to be correct based on the best data currently available, Livingstone International makes no representations or warranties, expressed or implied as to the completeness or accuracy of the information. In no event will Livingstone International be liable for any errors or omissions in the information provided herein. Information is supplied upon the condition that any persons or corporate receiving same will make independent determination as to its suitability for their own purposes prior to use, and in no event will Livingstone International be responsible for damages of any nature whatsoever resulting from the use of product or reliance upon information provided. Information is provided on an "as is" basis, no representation or warranties, either expressed or implied of fitness for a particular purpose or of any other nature are made herein with respect to information of the product.

PAGE 5 OF 8

Danger of explosion	Product does not present an explosion hazard.
Explosion limits	
Lower	Data not available
Upper	Data not available
Oxidizing	Data not available
Vapour pressure	Data not available
Density	Data not available
Relative density	Data not available
Vapour density	Data not available
Evaporation rate	Data not available
Solubility in/miscibility with	
Water	Not soluble in water
Partition coefficient (n-octanol/water)	Data not available
Viscosity	
Dynamic	Data not available
Kinematic	Data not available
Other information	Data not available

SECTION 10 STABILITY AND REACTIVITY

Reactivity	No decomposition if used according to specification
Chemical stability	Stable under recommended storage conditions
Possibility of hazardous reactions	Stable under recommended storage conditions.
Conditions to avoid	High temperature
Incompatible materials	Strong acid and strong oxidizing agent
Hazardous decomposition products	No further relevant information available.

SECTION 11 TOXICOLOGICAL INFORMATION

Reactivity	No decomposition if used according to specification
Acute toxicity	Based on available data, the classification criteria are not met.
LE/LC50 values relevant for classification:	

9051-13-2 Cellulose, hydrogen carbonodithioate, sodium salt		
Rat	LD50-oral	2500mg/kg
Mouse	LD50-oral	4600mg/kg

Information provided on this document is presented in good faith and believed to be correct based on the best data currently available, Livingstone International makes no representations or warranties, expressed or implied as to the completeness or accuracy of the information. In no event will Livingstone International be liable for any errors or omissions in the information provided herein. Information is supplied upon the condition that any persons or corporate receiving same will make independent determination as to its suitability for their own purposes prior to use, and in no event will Livingstone International be responsible for damages of any nature whatsoever resulting from the use of product or reliance upon information provided. Information is provided on an "as is" basis, no representation or warranties, either expressed or implied of fitness for a particular purpose or of any other nature are made herein with respect to information of the product.

PAGE 6 OF 8

Skin corrosion/irritation	Based on available data, the classification criteria are not met.
Serious eye damage/irritation	Based on available data, the classification criteria are not met.
Respiratory or skin sensitization	Based on available data, the classification criteria are not met.
Germ cell mutagenicity	Based on available data, the classification criteria are not met.
Carcinogenicity	Based on available data, the classification criteria are not met.
Reproductive toxicity	Based on available data, the classification criteria not met.
STOT-single exposure	Based on available data, the classification criteria not met.
STOT-repeated exposure	Based on available data, the classification criteria not met.
Aspiration hazard	Based on available data, the classification criteria not met.

SECTION 12 ECOLOGICAL INFORMATION

Toxicity	
Aquatic toxicity	Not toxic to aquatic organism
Persistence and degradability	Readily biodegradable.
Bio-accumulative potential	Not bioaccumulation.
Mobility in soil: Data not available.	
Results of PBT and vPvB assessment	
PBT:	Not applicable
vPvB:	Not applicable
Other adverse effects	No further relevant information available.
Additional ecological information	
General notes	Water hazard class I (German Regulation) (self-assessment): Slightly hazardous for water. Do not allow large quantities of the product to reach ground water, water course or sewage system.

SECTION 13 DISPOSAL CONSIDERATIONS

Waste treatment methods	
Recommendation	Small quantities of the product can be disposed together with household garbage
Un-cleaned packaging	
Recommendation	Dispose of contents/container in according to the local/regional/national/international/regulation.

Information provided on this document is presented in good faith and believed to be correct based on the best data currently available, Livingstone International makes no representations or warranties, expressed or implied as to the completeness or accuracy of the information. In no event will Livingstone International be liable for any errors or omissions in the information provided herein. SECTION 14 TRANSPORT INFORMATION

UN-number ADR, IMDG, IATA	Not transport dangerous product, not applicable;
NU proper shipping name ADR, IMDG, IATA	Not applicable
Transport hazard class(es) ADR, IMDG, IATA Class Label	Not applicable Not applicable
Packing group ADR, IMDG, IATA	Not applicable
Marine pollution	No
Special precautions for user	Not applicable
UN "Model Regulation"	-

SECTION 15 REGULATORY INFORMATION

Safety, health and environmental regulations/legislation specific for the substance or mixture

MAK (German Maximum Workplace Concentration)	None of the ingredients is listed.
Directive 2012/18/EU	
Named dangerous substances-ANNEXI	None of the ingredients is listed.
National regulations	
Water hazard class: Water hazard class I (German Regulation) (Self-assessment)	Slightly hazardous for water.
Other regulations, limitations and prohibitive regulations	
SVHC Candidate list of REACH Regulation Annex XIV Authorization (17/12/2015)	None of the ingredients is listed.
REACH Regulation Annex XVII Restriction (16/2/2016)	None of the ingredients is listed.
REACH Regulation Annex XVII Authorization List (14/8/2014)	None of the ingredients is listed.
Chemical safety assessment	A Chemical Safety Assessment has not been carried out.

Information provided on this document is presented in good faith and believed to be correct based on the best data currently available, Livingstone International makes no representations or warranties, expressed or implied as to the completeness or accuracy of the information. In no event will Livingstone International be liable for any errors or omissions in the information provided herein. Information is supplied upon the condition that any persons or corporate receiving same will make independent determination as to its suitability for their own purposes prior to use, and in no event will Livingstone International be responsible for damages of any nature whatsoever resulting from the use of product or reliance upon information provided. Information is provided on an "as is" basis, no representation or warranties, either expressed or implied of fitness for a particular purpose or of any other nature are made herein with respect to information of the product.

SECTION 16 OTHER INFORMATION

The contents format of this SDS is in accordance with Regulation (EC) No 1907/2008 and Regulation (EU) No 2015/830.

Abbreviations and acronyms:

ADR:	Accord Européen sur le transport des marchandises dangereuses par Route (European Agreement concerning the International Carriage of Dangerous Goods by Road).
IMDG:	International maritime Code for Dangerous Goods.
IATA:	International Air Transport Association
GHS:	Globally Harmonized System of Classification and Labeling of Chemicals
CAS:	Chemical Abstracts Service (division of the American Chemical Society)
DNEL:	Derived No-Effect Level (REACH)
PBT:	Persistent, Bio accumulative and Toxic
SVHC:	Substance of Very High Concern
LD50:	Lethal dose, 50 percent
LC50:	Lethal concentration, 50 percent

Reason for Revision: To bring to date.
