SAFETY DATA SHEET

Product Code: PH3577

PAGE 1 OF 9

SECTION 1

PRODUCT IDENTIFICATION

Product Name: Microlax Micro Enema

Other means of identification

Recommended use of the chemical and restrictions on use

Recommended Use Personal Care Product.

Uses advised against None known

Emergency telephone number

Australia: Call 3E Company at +61 1 800 686 951. Provide Technician with the following tracking code: 2277. Hours Open: 24 hours emergency assistance.

New Zealand: Call 3E Company at +64 800 451719. Provide Technician with the following tracking code: 2277. Hours Open: 24 hours emergency assistance.

SECTION 2

HAZARD IDENTIFICATION

GHS Classification

This mixture is not classified as hazardous according to the Australia Work Health and Safety Act 2011
Label elements

Label elements

Signal word

None

Hazard statements

None

Precautionary Statements - Prevention

None

Precautionary Statements - Response

None

Precautionary Statements - Storage

None

Information provided on this document is presented in good faith and believed to be correct based on the best data currently available, Livingstone International makes no representations or warranties, expressed or implied as to the completeness or accuracy of the information. In no event will Livingstone International be liable for any errors or omissions in the information provided herein. Information is supplied upon the condition that any persons or corporate receiving same will make independent determination as to its suitability for their own purposes prior to use, and in no event will Livingstone International be responsible for damages of any nature whatsoever resulting from the use of product or reliance upon information provided. Information is provided on an "as is" basis, no representation or warranties, either expressed or implied of fitness for a particular purpose or of any other nature are made herein with respect to information of the product.

Issue Date: 20/02/2023

PAGE 2 OF 9

Precautionary Statements - Disposal

None

Other hazards

None

SECTION 3

COMPOSITION/INFORMATION ON INGREDIENTS

Mixture

The product contains no substances which at their given concentration, are considered to be hazardous to health

Additional information

Not applicable

SECTION 4

FIRST AID MEASURES

Description of first aid measures

Inhalation

It is unlikely that emergency treatment will be required. If adverse effects occur, remove to uncontaminated area. If discomfort persists, contact a physician.

Eye contact

Rinse thoroughly with plenty of water for at least 15 minutes, lifting lower and upper eyelids. Consult a physician.

Skin contact

In the case of skin irritation or allergic reactions see a physician.

Ingestion

Not an expected route of exposure. If swallowed, do not induce vomiting: seek medical advice immediately and show this container or label.

Most important symptoms and effects, both acute and delayed

Symptoms

No information available.

Indication of any immediate medical attention and special treatment needed

Note to physicians

Treat symptomatically.

SECTION 5

FIRE FIGHTING MEASURES

Suitable Extinguishing Media

None known.

Specific hazards arising from the chemical

None known.

Hazardous combustion products

None known.

Information provided on this document is presented in good faith and believed to be correct based on the best data currently available, Livingstone International makes no representations or warranties, expressed or implied as to the completeness or accuracy of the information. In no event will Livingstone International be liable for any errors or omissions in the information provided herein. Information is supplied upon the condition that any persons or corporate receiving same will make independent determination as to its suitability for their own purposes prior to use, and in no event will Livingstone International be responsible for damages of any nature whatsoever resulting from the use of product or reliance upon information provided. Information is provided on an "as is" basis, no representation or warranties, either expressed or implied of fitness for a particular purpose or of any other nature are made herein with respect to information of the product.

SAFETY DATA SHEET

Product Code: PH3577

PAGE 3 OF 9

Special protective equipment for fire-fighters

As in any fire, wear self-contained breathing apparatus pressure-demand and full protective gear.

SECTION 6 ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

Personal precautions

In the event of an accidental release, the emergency response team must respond based on a risk assessment and use personal protective equipment as appropriate.

Environmental precautions

Environmental precautions

Avoid release to the environment.

Methods and material for containment and cleaning up

Methods for containment

Prevent further leakage or spillage if safe to do so.

Methods for cleaning up

Clean contaminated surface thoroughly. Pick up and transfer to properly labeled containers.

Prevention of secondary hazards

Clean contaminated objects and areas thoroughly observing environmental regulations.

SECTION 7 HANDLING AND STORAGE

Precautions for safe handling

Advice on safe handling

No special precautions are needed in handling this material.

General hygiene considerations

Handle in accordance with good industrial hygiene and safety practice.

Conditions for safe storage, including any incompatibilities

Storage Conditions

Store in accordance with: product packaging

Incompatible materials

None known.

SECTION 8 EXPOSURE CONTROLS/PERSONAL PROTECTION

Control parameters

Exposure Limits

This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.

Issue Date: 20/02/2023
 Last Revision Date: 21/08/2024
 Superseded Date: 20/02/2023

SAFETY DATA SHEET

Product Code: PH3577

PAGE 4 OF 9

Appropriate engineering controls

Engineering controls

All personal protective equipment should be based on a risk assessment. Consult an Environmental Health and Safety Expert if necessary.

Individual protection measures, such as personal protective equipment

Eye/face protection

None under normal use conditions. Avoid contact with eyes.

Skin and body protection

None under normal use conditions.

Hand protection

None under normal use conditions.

Respiratory protection

None under normal use conditions.

Environmental exposure controls

Exposure controls must be selected based on the Environmental Health and Safety risk assessment. Consult an Environmental Health and Safety Expert if necessary.

SECTION 9 PHYSICAL/CHEMICAL PROPERTIES

Information on basic physical and chemical properties

Physical state	Liquid
Appearance	Liquid
Colour	Colourless
Odour	No information available.
Odour threshold	No information available.

<u>Property</u>	<u>Values</u>	<u>Remarks • Method</u>
pH	6.0 - 7.2	
Melting point / freezing poi	No data available	
Boiling point / boiling range	No data available	
Flash point	No data available	
Evaporation rate	No data available	
Flammability (solid, gas)	No data available	
Flammability Limit in Air	No data available	
Upper flammability limit:		
Lower flammability limit:	No data available	
Vapor pressure	No data available	
Vapor density	No data available	
Relative density	No data available	
Water solubility	slightly soluble	
Solubility(ies)	No data available	

Information provided on this document is presented in good faith and believed to be correct based on the best data currently available, Livingstone International makes no representations or warranties, expressed or implied as to the completeness or accuracy of the information. In no event will Livingstone International be liable for any errors or omissions in the information provided herein. Information is supplied upon the condition that any persons or corporate receiving same will make independent determination as to its suitability for their own purposes prior to use, and in no event will Livingstone International be responsible for damages of any nature whatsoever resulting from the use of product or reliance upon information provided. Information is provided on an "as is" basis, no representation or warranties, either expressed or implied of fitness for a particular purpose or of any other nature are made herein with respect to information of the product.

Partition coefficient	No data available
Autoignition temperature	No data available
Decomposition temperature	No data available
Kinematic viscosity	No data available
Dynamic viscosity	No data available
Explosive properties	No information available
Oxidizing properties	No information available

<u>Other Information</u>	No information available
Softening point	No information available
Molecular weight	No information available
VOC Content (%)	No information available
Liquid Density	No information available
Bulk density	No information available

SECTION 10

STABILITY AND REACTIVITY

Personal precautions, protective equipment and emergency procedures

None under normal use conditions.

Chemical stability

Stable under normal conditions.

Explosion data

Sensitivity to Mechanical Impact	None known.
Sensitivity to Static Discharge	None known.

Possibility of hazardous reactions

Possibility of hazardous reactions	None under normal use conditions.
Hazardous polymerization	None under normal use conditions.

Conditions to avoid

None known.

Information provided on this document is presented in good faith and believed to be correct based on the best data currently available, Livingstone International makes no representations or warranties, expressed or implied as to the completeness or accuracy of the information. In no event will Livingstone International be liable for any errors or omissions in the information provided herein. Information is supplied upon the condition that any persons or corporate receiving same will make independent determination as to its suitability for their own purposes prior to use, and in no event will Livingstone International be responsible for damages of any nature whatsoever resulting from the use of product or reliance upon information provided. Information is provided on an "as is" basis, no representation or warranties, either expressed or implied of fitness for a particular purpose or of any other nature are made herein with respect to information of the product.

Incompatible materials

None known.

Hazardous decomposition products

None under normal use conditions.

SECTION 11 TOXICOLOGICAL INFORMATION

Acute toxicity

Information on likely routes of exposure

Product Information

Product does not present an acute toxicity hazard based on known or supplied information.

Inhalation	No information available.
Eye contact	No information available.
Skin contact	No information available.
Ingestion	No information available.

Symptoms No information available.

Delayed and immediate effects as well as chronic effects from short and long-term exposure

Skin corrosion/irritation	No information available.
Serious eye damage/eye irritation	No information available.
Respiratory or skin sensitization	No information available.
Germ cell mutagenicity	No information available.
Carcinogenicity	No information available.
Reproductive toxic	No information available.
STOT - single exposure	No information available.
STOT - repeated exposure	No information available.
Reproductive toxic	No information available.
Aspiration hazard	No information available.
Other adverse effects	None known

Information provided on this document is presented in good faith and believed to be correct based on the best data currently available, Livingstone International makes no representations or warranties, expressed or implied as to the completeness or accuracy of the information. In no event will Livingstone International be liable for any errors or omissions in the information provided herein. Information is supplied upon the condition that any persons or corporate receiving same will make independent determination as to its suitability for their own purposes prior to use, and in no event will Livingstone International be responsible for damages of any nature whatsoever resulting from the use of product or reliance upon information provided. Information is provided on an "as is" basis, no representation or warranties, either expressed or implied of fitness for a particular purpose or of any other nature are made herein with respect to information of the product.

SECTION 12 ECOLOGICAL INFORMATION

Ecotoxicity

No information available.

Persistence and degradability

No information available.

Bioaccumulative potential

No information available.

Mobility

No information available.

Other adverse effects

No information available.

SECTION 13 DISPOSAL CONSIDERATIONS

Waste treatment methods

Waste from residues/unused products

Disposal should be in accordance with applicable regional, national and local laws and regulations.

Contaminated packaging

Do not reuse empty containers. Disposal should be in accordance with applicable regional, national and local laws and regulations.

SECTION 14 TRANSPORT INFORMATION

Note:

The information provided in section 14 is intended to provide the user with guidance only on the proper shipping requirements for the finished product in the final packaging - NOT BULK. Transport classifications may vary by container volume and may be influenced by regional or country variations in regulations. It is the responsibility of the Shipper to ensure this product is shipped in accordance with all applicable regulations. Consult your company's Hazardous/Dangerous Goods Expert for information specific to your situation.

The Rotterdam Convention None

SECTION 16 OTHER INFORMATION

Reason for Revision

To bring to date

Key or legend to abbreviations and acronyms used in the safety data sheet

TWA - TWA (time-weighted average) STEL - STEL (Short Term Exposure Limit)
Ceiling - Maximum limit value - Skin designation
C - Carcinogen
ACGIH TLV: American Conference of Governmental Industrial Hygienists - Threshold Limit Value
CAS No. - Chemical Abstracts Services Registration Number
STOT - Specific Target Organ Toxicity
ADG - Australian Dangerous Goods
IMDG - International Maritime Dangerous Goods
MARPOL - International Convention for the Prevention of Pollution from Ships (Marine Pollution)
IBC - Intermediate Bulk Container

This SDS is only intended for occupational use and not for consumer use (see packaging label and or insert). This SDS is written to provide environmental, health and safety information for personnel that will be handling this finished product. For health and safety information during manufacturing of this product, please refer to the appropriate SDS for each component.
